

VAC Google Grant

VAC Forum 16/06/2021

What is the Google Grant? Who is eligible?

- VAC has been funded by Google to help small organisations get back into the “in real” training / meeting environment.
- VAC currently already has a list “Room Hire” but during this scheme besides each name will have a checkbox if they have agreed to take part. <https://vac.secure.nonprofitsoapbox.com/onecamden>
- **Eligibility**
 - Camden (both group and venue)
 - Turnover less than £25k
 - Voluntary and Community Sector
 - No commercial venues

Booking Process

- We will have a page on the VAC website with a form asking for information such as:
 - About the booking – Venue’s Contact Name, Contact Details, Information of the booking (cost, hours, time and date) etc.
 - About you – Your name and contact details, attendees per booking, organisations annual turnover, type of organisation, etc.
 - Once this form is submitted, VAC will check over the information and if approved contact both you and the venue to notify you of next steps.

Next Steps....

- Venues are to send an invoice directly to VAC - Depending on the type of system they may have. (automated or otherwise) this can be discussed.
- These invoice will be checked against the original enquiry before passing for payment.
